Request ID	Requester Name	Organization	Received Date	Target Date	Request Description
2020-APHIS-00136-C	Hancock, Georgia	Animal Welfare Institute	6/26/2020	7/27/2020	Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, et seq., and the regulations of the Department of Commerce, 15 C.F.R., Part 4, I am writing on behalf of the Animal Welfare Institute ("AWI") to request from the National Oceanic and Atmospheric Administration ("NOAA") and the National Marine Fisheries Service ("NMFS") information pertaining to Mystic Aquarium's application to import five beluga whales from Marineland, Canada, including but not limited to communications between the involved offices/agencies and Mystic Aquarium, the Sea Research Foundation, and Georgia Aquarium, as well as agents acting on behalf of these institutions. Since a separate FOIA request from AWI, DOC-NOAA-2019-001230, covered this information for the time period January 1, 2013 to May 21, 2019, AWI is only interested in information covering the time period from May 21, 2019, forward. Please exclude from the response both public comments on NOAA-NMFS-2019-0113 that are available online through regulations.gov and any correspondence submitted by AWI. AWI believes that the Office of Permits, and Office of Protected Resources, Permits and Conservation Division, has the most information responsive to this request. Given prior responsive records, as highlighted in AWI's April 17, 2020 letter to Commerce Secretary Wilbur Ross, it is possible the Offices of the Secretary, the Under Secretary of Commerce for Oceans and Atmosphere, the Assistant Secretary of Commerce for Oceans and Atmosphere, the NOAA Administrator, the NOAA Deputy Administrator, the Assistant Administrator for NOAA Fisheries, the Deputy Assistant Administrator for Regulatory Programs, and the NOAA Fisheries Chief of Staff, may also have information responsive to this request. For purposes of this FOIA request, "all documents" encompass: (i) any written, printed, or typed material of any kind, including without limitation all correspondence, memoranda, notes, meeting minutes, emails from or to official or personal e-mail accounts, spreadsheets, reports, calendars; (ii) any electronically, magnetically, or mechanically stored records, such as materials stored on a compact disk, digital video disk, microfiche, regardless of form; (iii) any audio, visual, aural, or video records, including but not limited to photographs, videotapes, microfilm; and (iv) any other records preserved by any other means for documenting thought or expression. AWI is interested in draft as well as final versions of these documents. Finally, AWI would like to remind NOAA that communications with the public, which includes permit applicants, must be disclosed to the public.

2020-APHIS-04637-F	Huber, Zachary	The Alligator	6/8/2020	7/15/2020	Hi, To whomever this may concern, my name is Zachary Huber, and I'm a staff writer for The Independent Flor da Alligator. I am filing a public records request for a copy of the citations University of Florida has received for animal testing during their last inspection. My editors and I heard about these violations from the Vice President of PETA when I conducted an interview with him. If it helps some of the violations include, an unapproved procedure to close an incision on a sheep, surgical procedures done on sheep in a filthy pen and staff didn't notice that a live bay deer mouse had escaped from its cage. I am not sure when this inspection happened, but I assume it happened within the last two years. (Date Range for Record Search: From 1/1/2018 To 5/20/2020)
2020-APHIS-04638-F	Fesperman, Will	-	6/8/2020	7/7/2020	I would like to see all USDA inspection reports and any related correspondence, notes, photographs, or documents, for the Rocky Mountain Laboratories (NIH) located in Hamilton, MT, from January 1, 2010 to the present.
2020-APHIS-04644-F	Kick, Russ	New England Anti-Vivisection Society	6/8/2020	7/7/2020	This request involves the rescinded version of the inspection report for the University of California, Davis (93-R-0433), February, 17, 2018. (2016082569054599 Insp_d) It's apparent that the university successfully appealed part of this report. We therefore request: 1) UC Davis's appeal letter and all accompanying documentation. 2) Animal Care's final response to UC Davis and all accompanying documentation. 3) All other correspondence, if any, such as a request for more information from UC Davis. (Date Range for Record Search: From 01/01/2018 To 06/08/2020)
2020-APHIS-04650-F	Kick, Russ	New England Anti-Vivisection Society	6/8/2020	7/7/2020	We hereby request all policy, procedure, and guideline documents regarding the handling of appeals from inspected entities. We're aware of the public document "Tech Note: Inspection Report Appeals Process," which is aimed at entities. However, we're requesting all documents that instruct Animal Care personnel on how to handle appeals (for example, how to determine whether an entity's appeal should be granted, how to notify the entity, etc.).
