Office of Civil Rights, Diversity, and Inclusion (OCRDI)

Mission Statement

To provide leadership, direction, coordination, evaluation, and support to the Civil Rights efforts of the Animal and Plant Health Inspection Service; to implement and monitor our Agency's progress in achieving established policies and objectives; and to integrate Civil Rights into the APHIS management, evaluation and information systems and processes relative to nondiscrimination in Employment and Program Delivery.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotope, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

PROGRAM DISCRIMINATION COMPLAINTS RECEIPT AND PROCESSING

BACKGROUND

Program discrimination complaints are defined as those complaints filed by persons (non-employee), organizations or companies who, based on being a member of a protected class, allege discrimination in a program or activity conducted or assisted by APHIS.

USDA Departmental Regulations (DR) 4330-2 and 4330-3 provide that all program complaints of discrimination against USDA agencies and/or their recipients must be forwarded to USDA's Office of the Assistant Secretary for Civil Rights (OASCR) within 5 days of their receipt by the agency. OASCR will determine whether the complaint will be formally accepted.

PURPOSE

Ensure that APHIS and its recipients are in compliance with DR 4330-2 and 4330-3. Complaints against APHIS/recipient personnel or programs alleging or inferring discrimination or unfair treatment in program delivery or activity must be forwarded to the ASCR for processing.

INSTRUCTIONS

If a person indicates that he or she wishes to file a complaint, APHIS employees **must** advise him or her to contact ASCR. The following website page contains contact information for OASCR and instructions on how to file program complaint:

This information is also on USDA's "And Justice for All" poster Form AD-475C which instructs the public on how to file a program complaint in English and Spanish. All APHIS facilities must prominently display this poster

If any APHIS employee receives a written complaint, that complaint should be forwarded to OCRDI for review. Please note that ASCR is the office responsible for formally processing the complaint, so any inquiries or discussions regarding that complaint should be between the complainant and ASCR, not APHIS personnel.

You must continue to provide the complainant with whatever program services he or she would normally be entitled to from our agency. After reviewing the complaint, OCRDI requests that you provide our office with a status report, so we recommend that you complete an incident report or record of the circumstances of the complaint as soon as possible after the complaint is made. Due to the wide geographic locations of our work sites, and the 5-day forwarding requirement, please immediately forward (email preferred) any program discrimination complaints to:
